STYLECNC[®] PROFESSIONAL CNC SOLUTIONS SUPPLIER

Small CNC Routers (Price Range: 2500\$ - 5000\$ FOB Qingdao)

		
STG6090	STG1212	STG1224
The Small CNC Router parameters and functions are almost the same, the CNC Router Model is based on your materials' size and budget.		

II. If you work on wood production, such as solid wood door, Craft wood door, MDF door, screens, windows, table and chairs, Cabinet, Room decoration, etc. A standard CNC Router will help you to complete these woodworking works, of course, A standard CNC Router can do what a Small CNC Router does.

		
Wooden Door	Wooden Screen	Antique Furniture
		
Headboard Processing	Waved Plate Decoration	Tea Tray Making

1. Standard 3 Axis CNC Routers STM series (Price Range: 5000\$ - 10000\$ FOB Qingdao)

Working area: 1300*2500mm, 1500*3000mm, 2000*3000mm, 2000*4000mm for option.

CNC Router STM1325

If you are in big scale processing for above woodworking, and your designs are complex need more than 1pcs CNC kits to process, It is better for you to choose an Auto Tool Changer [CNC Wood Router](#).

In general, the ATC CNC Router with 1300*2500mm size, because the plate size is 1220*2440mm.

If your panel is special size, we also have 1500*3000mm, 2000*3000mm, 2000*4000mm working size for option.

2. Pneumatic ATC CNC Routers with 2-4pcs tools (Price Range:7000\$ - 10000\$ FOB Qingdao)

STM1325-2T

STM1325-3T

STM1325-4T

3. ATC CNC Routers with 8-16pcs tools (Price Range:20000\$ - 30000\$ FOB Qingdao)

III. If your woodworking works need to process the panel work above, and also need to do arc carving, such as wood moulds, foam molds, etc. It need 4 axis swing head.

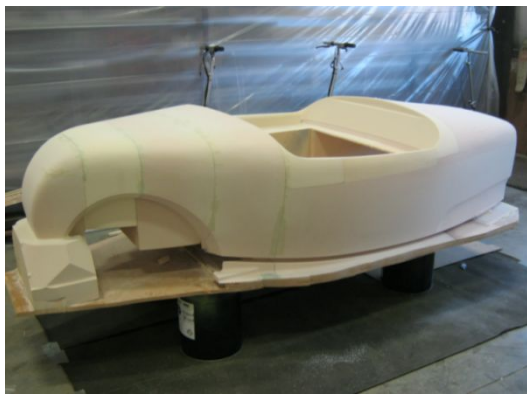

4 Axis CNC Routers (Price Range: 20000\$ - 48000\$ FOB Qingdao)

STYLECNC® PROFESSIONAL CNC SOLUTIONS SUPPLIER

IV. If your woodworking work is 3D moulds making with all the direction arc carving, it should use 5 Axis CNC routers.

Car mould

Curve mould

3D mould

Round mould

5 Axis CNC Routers (Price Range: 90000\$ - 200000\$ FOB Qingdao)

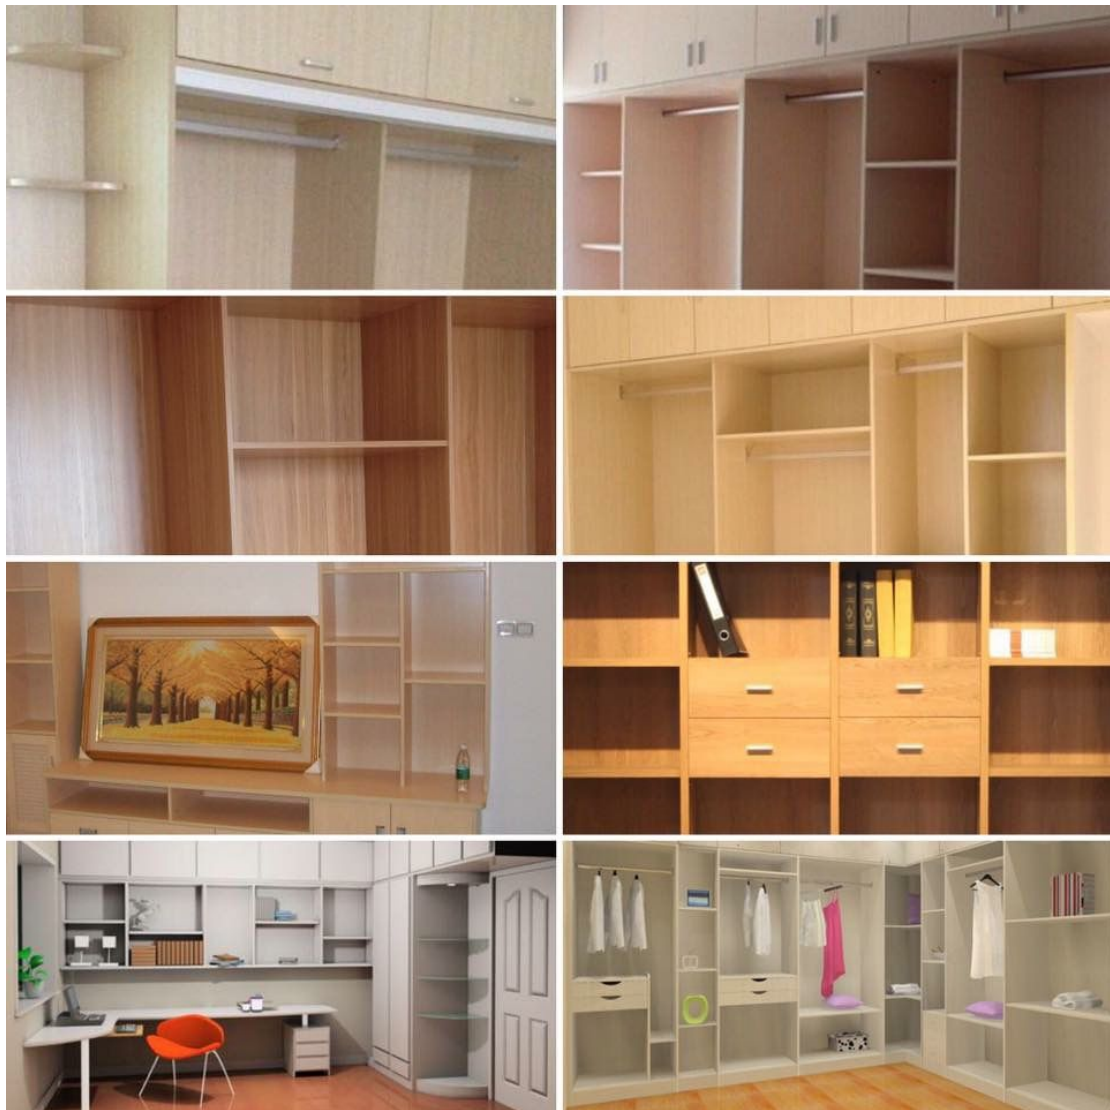

Small 5 axis CNC router

Big 5 axis CNC router

STYLECNC[®] PROFESSIONAL CNC SOLUTIONS SUPPLIER

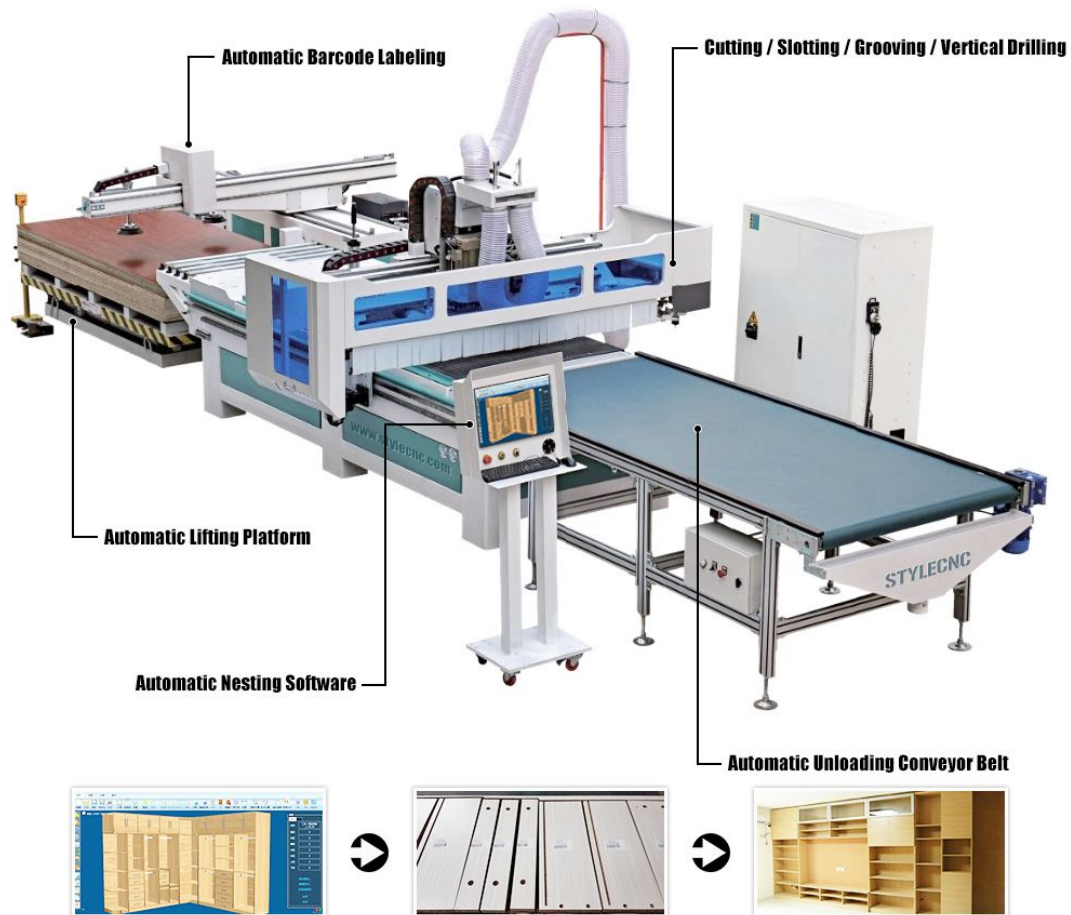

V. If you do some woodworking works like customized panel furniture production, we also have Intelligent CNC Routers with auto nesting software, it has full functions of automatically uploading and downloading, automatically nesting, labeling, optimizing, vertical drilling, slotting, grooving, cutting, carving and engraving, etc.

Customized Panel Furniture Production Samples

STYLECNC[®] PROFESSIONAL CNC SOLUTIONS SUPPLIER

Intelligent Auto Nesting CNC Routers (Price Range:20000\$ - 30000\$ FOB Qingdao)

Intelligent Auto Nesting CNC Router S6

In short, when you buy CNC routers for woodworking, Do not just pay attention to the CNC router price, A suitable CNC router is the most important.
